This unusual photograph shows 40 of the 48 governors standing within their respective state boundaries marked off on lawn of the Greenbrier Hotel at White Sulphur Springs, W. Va. The governors took time out to pose after being addressed by Secretary of State Dean Acheson at their 42nd annual Governors' Conference. Man at upper left is Governor of Alaska, making a total of 41 men in the picture. The missing governors are from La., Ill., Ky., S. C., Ark., Mass., and Mich. (AP Wirephoto).

Hurley to Change School Rating to Union-Free District

Propositions to Construct and Improve Lose on Auditorium, Kindergarten

A proposition to change the present common school district to a Union-Free School district was voted at a special meeting of the voters of Hurley last evening.

Two other propositions to make available funds for improvements and construction were defeated.

The proposition to change the present common school district to a Union-Free district was carried by a standing vote and that proposition was approved practically unanimously.

At the annual meeting in May it was voted to make available \$15,000 for construction of a new school auditorium and to convert the present small auditorium to kindergarten use. At that time it was believed that sum would be sufficient. Later it was found the work could not be done for that sum and at the meeting Tuesday evening it was proposed to make available an additional \$55,000 to bring the total amount available to \$70,000, the present estimated cost of the plan. This proposal was defeated by a vote of 26 to 81.

The second proposal was to make available \$8,000 to new school auditorium and to convert the present small auditorium to kindergarten use. This proposal was defeated by a vote of 114 against and 37 in favor.

To Use Auditorium

Defeat of the two propositions to make available additional funds in effect nullifies the action taken at the May meeting when \$15,000 was voted for the construction of a new auditorium, kindergarten and kitchen and the present plan of the trustees is to use the present auditorium for kindergarten purposes.

The auditorium seats about 200 persons and is used as a civic center by various organizations. The auditorium was filled to capacity Tuesday evening and there were many standing. During the meeting, which was presided over by Leroy Veit as chairman, there was considerable discussion and a vast amount of debate. The meeting was called to order by Trustee Samuel Vaughn, chairman of the board, and Snyder E. Weidner, clerk of the district, served as clerk of the meeting. Speakers were Charles Messenger and Jay Molyneux.

Also included in the proposal was the conversion of the heating system from coal to oil.

The proposed plan was for the erection of an auditorium 50 by 112 feet in size to contain a basketball court, stage with dressing rooms at either side, showers and locker rooms.

To Change Plans

Defeat of the two propositions to give additional facilities now makes it necessary to change (Continued on Page 21, Col. 3)

Spending Is Voted

NY to Spend \$13,219,350 in 1951 in College Structures

New York, June 21 (AP)—The Board of Higher Education last night approved a committee report calling for the spending of \$13,219,350 in 1951 on college buildings and improvements.

Among the projects approved for submission to the City Planning Commission were new library buildings at Queens College and City College and an arts and student center building at Brooklyn College.

The board also approved spending \$2,852,000 to acquire the property of the Academy of the Sacred Heart in the Bronx.

The board elected James P. Murtagh, an attorney who has been a board member since 1948, to succeed Mrs. Carrie K. Medall as secretary of the board.

British Prepare Plans for Ouster

Nationalists Would Lose Out, Reds Take Place in United Nations

London, June 21 (AP)—The British government today was reported shaping up plans to take an active role in the campaign to oust the Nationalist Chinese and seat Red China in the United Nations.

The campaign is headed by U.N. Secretary-General Trygve Lie as a "common sense" means of getting Russia to end the boycott she has clamped on 30 U.N. organs in anger over the China representation question.

Lie announced at Lake Success last night that he is returning to Europe shortly to make a speech July 3 in London and to visit the summer session of the Economic and Social Council in Geneva.

The decision on Britain's new policy may emerge at the Geneva meeting if Russia or her satellites again challenge the right of the Nationalists to sit for China.

In the past Britain has attempted to vote on the China question although the British have opposed the Red regime at Peking last January after severing relations with Chiang Kai-shek.

Red China Has Held Off from Exchanging Diplomats with Britain

And prodded the British to help on the Russian-led project to get the Chinese Communist delegates into the U.N.

After Lie's previous talks with British government leaders on his Save-the-U.N. mission to Washington, London, Paris and Moscow, Foreign Secretary Ernest Bevin announced Britain would support Red China for membership in the Security Council.

That council has been idle most of the time since Russia first walked out Jan. 10. Five of the 11 council members recognize Red China but only three—Russia, India and Yugoslavia—have supported the Peking membership bid up to now.

Seven affirmative votes are needed to seat the Reds in the Security Council. Lie has been working behind the scenes to swing other votes, including those of France and Egypt, with the hope of settling the question by the end of July.

The United States has announced it will not support Red China but will not try to veto a majority decision.

Vote Is Scheduled

Washington, June 21 (AP)—The \$1,010,000,000 excise tax slashing bill, bearing a "veto proof" tag to be paid for largely by corporations, is now set for a vote in the House next Wednesday. Top Democrats said it would pass, with the excise imposes being cut—probably September 1—on fur coats, jewelry, movies, pocket books, cosmetics, travel tickets, telephones and scores of other items.

Acheson Regime Bypassed at Parley Of U. S. Governors

Democrats Are Desirous of Endorsement, but They Fear Heavy Opposition

White Sulphur Springs, W. Va., June 21 (AP)—Governors sidestepped today the controversial question of whether to endorse the State Department and its administration under Secretary Acheson.

A Governors' Conference resolutions committee discussed the subject but skipped any mention of the State Department in drafting a list of proposed resolutions largely dealing with state problems.

Gov. James H. Duff of Pennsylvania, chairman of the committee, told reporters that the resolutions, to be made public when the conference approves them later, were "very innocuous."

Some Democrats wanted an endorsement of Acheson but did not press for it because of prospective opposition.

Since any single governor can veto adoption of a resolution, under the conference's rules, it was felt that if a fight developed and a resolution were rejected the action might be misunderstood abroad.

Gov. William Preston Lane, Jr., of Maryland, a member of the conference resolutions committee, made it clear he would like to have the governors express confidence that the department is free of Communist taint and is pursuing American foreign policy in the right direction.

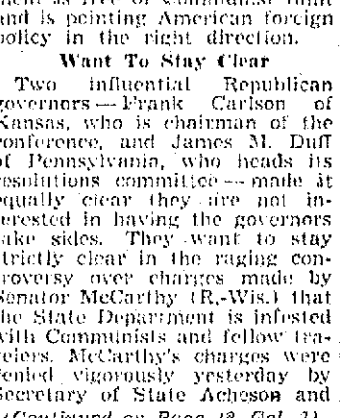

Want to Stay Clear

Two influential Republican governors—Frank Carlson of Kansas, who is chairman of the conference, and James H. Duff of Pennsylvania, who heads its resolutions committee—made it equally clear they are not interested in having the governors take sides. They want to stay strictly clear in the raging controversy over charges made by Senator McCarthy (R-Wis.) that the State Department is infested with Communists and fellow travelers. McCarthy's charges were debated vigorously yesterday by Secretary of State Acheson and (Continued on Page 12, Col. 1)

Peurifoy Is Pressed for Statement

State Department Aide Asked to Give Formal Reply on 'Payoff' in Amerasia Case

Washington, June 21 (AP)—Senators investigating the 1945 Amerasia case turned to John E. Peurifoy for a formal reply today to Senator McCarthy's charges he made a "payoff" deal with a defendant in the case.

Peurifoy, deputy undersecretary of state, denied the accusation when McCarthy, Wisconsin Republican, made it last week.

That denial still stands "and I am going to repeat it in my testimony," Peurifoy told a reporter in advance on a closed meeting (9 a. m. E.S.T.) with the Senate Foreign Relations Subcommittee looking into the Amerasia secret documents episode.

The inquiry group arranged to hear Peurifoy at 11 a. m.

Senator Tydings (D-Md.), the chairman, signed a recommendation calling for contempt proceedings against Philip Jaffe, one-time editor of the now-defunct Amerasia magazine. Three other members of the five-member committee said they plan to join Tydings in approving the recommendation by the group's counsel, Edward P. Morgan.

The move is based on Jaffe's refusal to answer questions about the five-year-old Amerasia case, which involved alleged theft during the war of hundreds of secret government papers. They were (Continued on Page 16, Col. 6)

Famed Landscape Artist Had Won Awards Many Years

Charles Rosen, 72, of Woodstock, one of the nation's leading landscape painters, died at 8 a. m. today at Kingston Hospital where he was admitted June 14 for treatment of a serious illness.

A winner of art awards since the early days of his career, he is represented in several permanent museum collections and held an honorary life membership in the Woodstock Artists Association.

An exhibition of the works of six honorary life members of the association, which opened earlier this month at the Woodstock gallery, included Rosen's work. The exhibition is scheduled to close this week.

Born in Westmoreland County, Pa., he was the son of David Franklin and Lorain McClain Rosen. He was educated in high schools of Pennsylvania and studied art at the National Academy of Design and New York School of Art.

Promotions Begin to Aid Baseball; Big Day July 4

Colonial Baseball, Inc., is enlisting the cooperation of Kingston merchants in making July and August banner baseball days here.

The promotions which have been planned were explained at a meeting of the Uptown Businessmen's Association Tuesday by Albert Kurdt, executive secretary of the Kingston Chamber of Commerce.

Kurdt asked the uptown merchants to get behind the gala baseball game fireworks display slated for the municipal stadium on July 4. There will be posters to display in store windows and tickets to sell, he said. As large an advance ticket sale as possible is desired, he added.

The possibility of having either a Merchant's Night sponsored by all city businessmen or separate nights sponsored by the various businessmen's groups in the city was mentioned by Kurdt.

Uptown Businessmen's Association named a committee of three to study this possibility. Those on the committee are Albert Flanagan, Byron Chatham and Clyde Wonderly, Jr.

The association went on record for supporting the team through the season. Kurdt emphasized that the team "is definitely going to finish the season. There is no question about it."

Other promotions scheduled include the game of June 30, when the Colonials will distribute almost 800 free admission tickets to every high school graduate in Ulster county.

City League Night will be on July 2, when every city league (Continued on Page 16, Col. 6)

Ellenville Hero Gets 13 Belated War Decorations

Ellenville, June 21—Thirteen belated decorations for wartime service in Europe finally reached a local ex-serviceman Monday.

Lyle C. Startup of 1 Center street received them at a special ceremony on the lawn of Cook-Taylor Post, 111, American Legion, from Col. Henry B. Margeson, senior unit instructor, with the 77th Division, formerly of the 4th Infantry in which Startup served.

The much decorated Startup was a technical sergeant in the 4th Infantry Division and saw action in France, Belgium and Germany where he was wounded.

He has a brother, Walter Startup, also an infantry veteran, who was in the African and Italian campaigns. He received the Bronze Star and the Purple Heart.

Other relatives are his parents, Mr. and Mrs. Ira L. Startup and a sister, Mrs. Florence Seevering.

Hollywood Weighs Future for Judy

Opposing Thoughts Make Rounds; Health Is Reportedly Poor

Hollywood, June 21 (AP)—Little Girl, what now?

That was the question on Hollywood's lips today as it recovered from shocking news that Judy Garland, a child star who lost none of her luster with maturity, slashed her throat in a fit of despair over her career.

Miss Garland's studio, M.G.M., suspended her Saturday and removed her from the cast of her latest picture after she failed to show up for a rehearsal with Fred Astaire, Monday night, during a conference about her problems with her husband and advisers, she ran into bathroom and slashed her throat with a broken glass. Her doctor said the wound is superficial.

Some say this means the star, who has had marital and health troubles recently, too, is washed up at 29.

Others contend M.G.M. would never cut an actress whose recent films have grossed about \$500,000 each.

One thing is certain: The "little girl with the big voice" has almost everybody's sympathy.

Health Has Suffered

It's no secret that her health has suffered in recent years. Since May 1949 she has been receiving treatment for a nervous condition. In addition, she has had to diet to combat a tendency toward plumpness.

Judy has frequently said she wants to continue her career. Her studio considers her one of its biggest attractions. Yet it has replaced her in three films in two years because she "caused us embarrassment, delay, inconvenience and loss of morale among co-workers." One spokesman said she added as much as 20 percent to the cost of a film.

Just what, exactly, is the (Continued on Page 21, Col. 7)

Senate Vote Sends Bill Along Way

Differences on Security Measure Will Have to Be Ironed Out by 2-House Committee

Double Help Seen

New Formula to Place Benefits at Higher Rate

Washington, June 21 (AP)—Senate approval by 81 to 2 carried the promise of higher old-age pensions for millions of persons a long step closer to reality today.

By this lopsided vote, the Senate last night passed a bill that would roughly double benefit payments under the Old-Age and Survivors Insurance System in the federal Social Security system.

The measure is a major part of the administration program. It would add about 10,000,000 persons to the \$5,000,000 now covered and would liberalize requirements for qualifying for benefits.

Historical action is taken by Congress, differences between the Senate bill and a similar bill passed by the House last year will have to be ironed out by a conference committee.

Many thorny questions remain to be settled. One of the sharpest issues in dispute is whether to provide for disabled persons in the Social Security program. The House bill would do this but not the Senate measure.

Points of Difference

Other key differences that will have to be thrashed out by the conference committee include benefit formulas, tax rates, eligibility requirements and federal contributions for public assistance (direct relief).

Even as the Senate passed the bill with only Senators Butler (R-Neb.) and Cain (R-Wash.) voting against it, steps were taken toward further and possibly more fundamental changes in the Social Security system. Without dissent, the Senate directed its finance committee to make a thorough study of the whole program.

As the bill was passed by the Senate, it would increase monthly benefits an average of 85 to 90 percent for current beneficiaries under the Old-Age and Survivors Insurance System.

For those retiring in the future, a new benefit formula would approximately double the benefits provided by present law.

The present payroll tax of 1 1/2 percent each on employer and employee would be continued until 1950. Then it would rise gradually to 3 1/2 percent on employer and employee alike in 1970 and thereafter.

Ohio's Governor Might Give Vote To Senator Taft

Columbus, O., June 21 (AP)—A lot of Ohio voters were in an awful state of mind today, although the November election is nearly five months away.

There was anguish, anger, delight and confusion.

This condition followed Democratic Gov. Frank J. Lausche's unprecedented statement that he hasn't decided whom to support for U. S. senator.

The party's nominee, Joseph T. Ferguson, or Republican Robert A. Taft.

He likes Ferguson as a state auditor, he said, but admires Taft "for his seriousness and forthrightness" as a U. S. senator.

This political heresy, voiced by the titular leader of Ohio Democrats (who is normally expected to point the way for the party members), did this.

It caused moans of anguish among the party faithful and friends of Ferguson, state auditor for 14 years.

It stirred indignation among labor leaders depending upon Ferguson to defeat the co-author of the Taft-Hartley Act.

It delighted the Republicans, who appreciate any help in their efforts to re-elect Taft Nov. 7.

It confused many of plain voters who wondered if Lausche was sincere or was just pulling a political stunt.

There appeared some agreement on one aspect of Lausche's statement, issued at the conference of governors in White Sulphur Springs, W. Va.: It was a brave move. And it could be the boldest political gamble undertaken in recent years in Ohio.

To Abandon Plans

Crosstown Expressway Is Out, O'Dwyer Says; No Tunnel Study

New York, June 21 (AP)—Mayor William O'Dwyer said yesterday the city would abandon plans for a crosstown elevated expressway in the vicinity of 30th street.

The city will not conduct a study for a crosstown tunnel project "until builders are found to construct one," he said.

A number of previous tunnel studies, O'Dwyer said, have convinced him there is "nobody silly enough to build it."

O'Dwyer made his comment at a news conference. This followed the disclosure by City Construction Coordinator Robert Moses that Triborough Bridge and Tunnel Authority had abandoned the midtown expressway idea.

Moses said a request for \$800,000 in federal funds for study and design is being withdrawn.

Blames Man for Death Of Brother at Muldorf

New York, June 21 (AP) — Memories of horror in a Nazi concentration camp exploded for a few minutes in a Brooklyn street yesterday and sent one man flying for his life.

Isaac Krieger looked closely at a passerby and said, "Were you in Auschwitz, Dachau, Muldorf?"

The man nodded. "Then you are the one who killed my brother?" Krieger cried, and a crowd gathered as he excitedly told his story.

He and his brother Zelman were getting food in the Muldorf camp in 1945, just before Germany's surrender. Zelman tried to get more and a trusty smashed both men over the head with a pot. Three days later Zelman died of a fractured skull.

Krieger pointed to the other man and named him as the killer. The man broke away. The crowd followed him, shouting.

The man fled to a bookstore, whispering "The people are after me... They want to kill me!"

Police rescued him in time and identified him as Meyer Mittenman, 33, a poultry worker. He said he had been at Muldorf, but knew nothing of Krieger's brother.

Police said it was not a case for them and let everyone go with a promise to report the matter to the immigration service, F.B.I. and the district attorney. Krieger said he would get a lawyer and try to have Mittenman deported.

Second Childhood
When I was a child, I looked ahead.
And thought that at 40 I'd surely be dead.
But now that I am 42,
I don't feel dead—I'm good as new.

—Anna Herbert.

Some folks are like rivers; whatever is in them comes out at the mouth.
Fred Just as Hopkins and the widow Jones started up the aisle to the altar every light in the church went out.
Next: What did they do then?
Fred—Kept right on going; the widow knew the way.

Visitor—Do you like reciting, dear?
Child—Oh, no, I hate it, really. But Mummy makes me do it when she wants people to go.

Jane—Mummy, do you love me?
Mama—Of course.

Jane—Then why not divorce daddy and marry the man at the candy store?

"Shine, please," said the six-foot-five soldier to the boot-black. The boot-black looked down at the vast expanse of boot before him and shook his head questioningly. Then a determined look returned his face.

Boot-black—Bert, gimme a hand! I've got an army contract.

An empty head leads to an empty pocketbook.

Creditor—Look here, I can't keep coming to your house every day for my money.

Debtor—Well, I'll tell you what. Suppose you call every other Wednesday.

He—Dearest, it doesn't seem like the same old smile you used to give me.

She—Oh, no, Jack. This is a new one. I have been studying at a school of dramatic art.

In the section of the tax return marked "Exemption claimed for children," the new word penciled, "Watch this space."

Do You Remember

by
SOPHIE MILLER

"In The Ulster Republican printed in Kingston opposite the Court House on Wednesday, Sept. 28, 1853 there are many interesting items. For instance who remembers the large and elegant Steamer, 'Rip Van Winkle' captained by Jacob H. Tremper. It belonged to the Rorer, Tremper and Gillett Freight and Passage Line, which ran between Rondout and New York. She left Rondout, from the Rorer, Tremper and Gillett dock every Tuesday, Thursday and Saturday at 4 o'clock p. m. Returning she left New York, foot of Murray street, every Monday, Wednesday and 5 o'clock p. m.

Just in case you think that 100 years ago they didn't travel in style, the following description taken from the 1853 adv. reads: "The Rip Van Winkle is a boat of the first class. She is fitted and furnished in the best and most costly manner, for the comfort and convenience of passengers; has spacious cabins and saloons, and 60 large and beautiful furnished state rooms, together with ample room for all descriptions of freight. The machinery and the entire boat are in perfect order."

"The Barge" it was said will commence her regular trips as early as the business requires; and until such time, all produce will be taken in charge and sold by Capt. Tremper, whose experience in the business is well known. Pork, fish, flour, coarse and fine salt, etc., constantly on hand and for sale. Now I wonder if "The Barge" was pulled by a tug boat like today's barges?"

Who remembers mention of "Purdee's Hotel" or "Kingston Hotel" on Crown street. It was owned then by Solomon Brown and John H. Stratton. The new owners advertisement read: "Attached to the above establishment are large and convenient brick stables, where visitors can depend upon careful and experienced hostlers."

The Farmer's Hotel, in Saugerties, owned by A. S. DeMyer is described in more detail. "The subscriber, having purchased the Tavern Strand formerly owned by John Arlman, would respectfully inform the public that on and after Monday the 2nd day of May next, he will be there to wait upon his friends and accommodate the traveling community. As good a table as the market affords will be ready for them, and hay, oats and stabling provided for their teams. The bar will be constantly supplied with the choicest of wines and liquors, cigars, etc. Good horses and carriages will be kept constantly on hand to let, and teaming will be done by the job or day. His house is opposite the store of James and Peter Russell in Saugerties."

To prove the Winters have been in the music business a long time in Kingston, I quote from the following advertisement. "Music store in Rondout. Winter has on hand a large and good assortment of musical instruments; melodeons, from \$45 to \$100. Violins from \$15 to \$65. Accordions \$15 to \$35. Flutes from \$9 to \$65. Guitars \$15 to \$45. Portable music stands. Pipes \$2 to \$75. Triangles, tamborines, clarinets, music boxes, music paper and sheet music." This may give you an idea of the musical education and background of Rondout folks a 100 years ago.

Milk Price Drop Forecast

New York, June 21 (AP)—An eight-cent drop in milk prices paid to dairymen in the six-state New York milkshed is forecast by the Milk Market Administration. This would mean a uniform June price of \$2.20 per hundredweight (48.5 quarts) of milk delivered to pool-approved plants in the milkshed. The May figure was \$3.28. The administrator, C. J. Blanford, estimated that the producer butterfat differential for June be 5.8 cents for each tenth of a pound of fat above or below the 3.5 per cent standard.

X Crossings should be Seen and not Felt

WHEN the sign says "Stop, Look and Listen," the prudent driver does.

But after that what? Must you still move forward at a cautious crawl or pay toll in jar, jitter and jounce?

Not, good sir, when you're at a Buick's wheel.

You step on the throttle, move easily, swiftly forward. Your wheels dance—your tires drum-roll over rail and plank.

But four gentle coil springs, one on each wheel, are working their magic—and you hear rather than feel the rough spot you have crossed.

That, of course, is only one kind of rough going you can meet in your

travels. It's only one kind of discomfort your Buick's built to master.

For beside gentle coil springing, every Buick rides on soft, low-pressure tires. Every one is steadied by a rigid torque-tube. Every one boasts a rigid, weavproof frame—soft, sure shock absorbers—even special engine mountings to minimize vibration.

They can have the special added smoothness of Dynaflo Drive,*

*Standard on Roadmaster, optional at extra cost on Super and Special models.

cushioning power-thrust in spinning oil.

So rough spots seem to level out at your coming. Boulevards take on a new smoothness. You know what riding comfort is—why the Buick ride is called matchless.

So how about it?

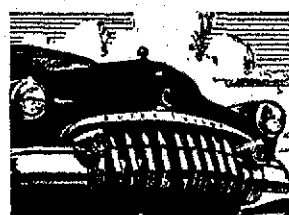

Come climb into a Buick and see for yourself what we mean. You'll get a style-thrill and a power-thrill along with your ride-thrill—and a story on price that eliminates your last excuse for not traveling in the Buick manner!

Only BUICK has Dynaflo—and with it goes!

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.) • NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with body by Fisher.

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "lacking horns," (4) makes parking and garaging easier.

Decline to Comment

Vatican City, June 21 (AP)—News sources here declined to comment today on reports that the Vatican had intervened in negotiations between the U. S. and Hungary to exchange American

businessman Robert A. Vogeler for the Crown of St. Stefan. The reports were that the negotiations had been disrupted temporarily by Vatican belief the crown should not be returned to Hungary while the Communists are in power.

Acheson Regime

his aides in public and closed sessions with the government. Acheson's statement of his case was some Republican plaudits—particularly from Gov. Earl Warren of California and Alfred E. Driscoll of New Jersey. Another Republican governor, who asked not to be identified, said Acheson had "swept the conference" with his appeal for support of the department, but subsequent developments made that look like an overstatement.

Duff wouldn't comment except to say that his resolutions group would act quickly. He noted that any one governor can kill a resolution, since the conference rules require unanimous approval before the state executives go on record officially.

Bracken Not Satisfied

Utah's Republican Gov. J. Bracken Lee was obviously unsatisfied with Acheson's presentation of the State Department case.

Even if he doesn't get an official endorsement, there seemed little doubt that the secretary of state had made hay with his appearance at the conference here.

He told the governors that he has no security worries about his associates. He blamed any troubles that the department may be having on the fact that it has taken over personnel from two hastily-recruited war agencies, the Office of War Information and the Office of Strategic Services.

He said that since 1947, when the loyalty boards first were set up, the department has been moving quietly but efficiently toward eliminating all the subversives it could find. He said he is sure there aren't any Communists in the agency now.

Democratic Gov. Vall Pittman of Nevada reported that Acheson had assured the governors that President Truman will appoint a board of three outstanding citizens to review the McCarthy charges.

At business sessions today, the governors scheduled discussions of mental health problems, highway safety and standardized motor truck regulations.

It is estimated that 16 to 20 per cent of U. S. economic effort goes into new capital goods.

"GOLDIE" SAVES THE DAY—Washington's milk strike didn't affect the milk supply of Rep. Edwin A. Hall (R., N. Y.). Hall's Jersey cow, "Goldie," supplies the family, including six children, with 20 quarts of milk daily. The congressman and his youngest boy, Richard, 10, are enjoying a glass of milk fresh from the faucet while the kitty named "Panther" awaits his turn.

DOWN WITH "THE REAL SUCKERS"—Paul Abbott, 27-year-old veteran, who's submerged in a glass-top tank in Shafer Lake, Monticello, Ind., because he's sore about hidden taxes, eats his first meal "down under." Unable to keep his head above the tax waters, Abbott went down in a 10-by-10-foot steel and glass tank equipped with fluorescent lights, radio, telephone and easy chair. There, he says he'll live with the "real suckers—the swimming kind"—until Congress takes some action "to favor the taxpaying dads of the country."

Pensions Near . . .

effect would be not only to increase tax collections but also to boost the maximum pension under the bill to \$80 a month.

Under present law the maximum is \$56 and the average benefit now being paid is \$26. Both House and Senate bills would raise the maximum family benefit from \$55 to \$150.

Family benefits are payments to a retired worker, his wife if she is over 65 and any unmarried children under 18.

Democratic leader Lucius D. Nichols and Senator Myers (D., Pa.) led an effort to increase the taxable wage base to \$4,200 but were defeated.

Senator George D. Ga., chairman of the committee, with the backing of Taft and Senator Mill-

kan (R., Colo.), the ranking G.O.P. members of the committee, are needed in passing proposals for disability insurance and other major amendments that would have added to the cost of the program.

Officials Hold Meeting

Washington, June 21 (AP)—High American, British and Canadian officials, presumably concerned over a recent wave of spy cases, are meeting here to plan tighter safeguards around atomic secrets. Officials attending the sessions were close-mouthed and the Atomic Energy Commission did not say when the new series of conferences began.

The number of telephone instruments in the United States rose from 61 million in 1907 to more than 40 million in 1949.

THE REPORT of the bipartisan Hoover Commission on reorganizing and streamlining federal government machinery shows how to eliminate red tape and inefficiency, overlapping and duplication among government departments.

It points the way to saving billions (making our tax dollars go farther) . . . and to smoother operation of our federal government.

As a citizen, you should inform yourself about it (see offer at right) and attempt to awaken your fellow citizens to the need for action.

Escapees Returned To School at Hudson

Hudson, N. Y., June 21 (AP)—All of the 17 teen-aged girls who escaped from a State School for delinquent girls were back in the institution today.

The last three were found last night in Albany.

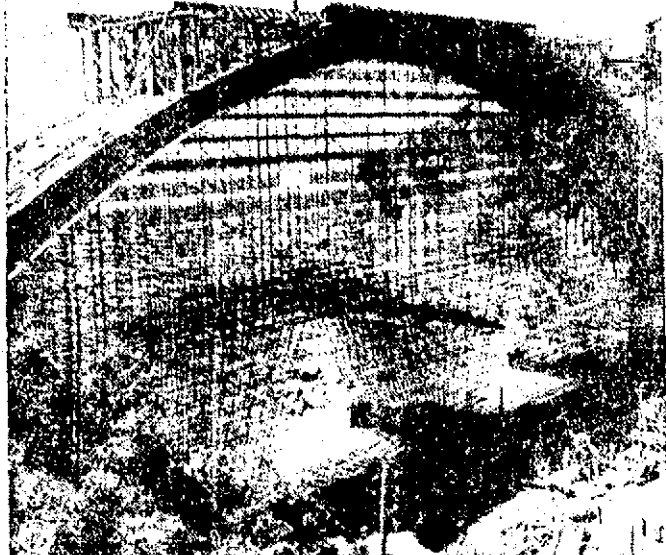

The runaways—ranging in age from 13 to 16—were in for a "talking to," Assistant Superintendent Harry Goldman said.

They fled from the training school late Monday by scaling a 12-foot fence. Police caught most of them on highways in the Hudson area.

The mass escape was led by "three chronic runaways," Miss Goldman said.

Escapes by two or three girls are not unusual. There are no guards at the institution and the girls are given freedom of the fenced-in area.

There are about 225 girls under 16 years of age in the school. Some have been committed because they are "uncontrollable" and some because of moral charges.

WOODSTOCK NEWS

— By RICHARD E. THIBAUT, JR.

Loft Players Set For July 6 Debut

Woodstock, June 21—The Loft Players, who were formed last fall in New York, will occupy the Maverick Theatre this summer. Five young people, all experienced in various branches of the theatre, decided to establish a cooperative group that eventually could settle somewhere in the United States as a permanent, self-sustaining unit. Of these five, one is a writer and director whose aim is to write plays for the group to produce; to work with another member who is an actor and stage designer. The other three are primarily actors though well equipped with knowledge of the technical side of the theatre. The group started to recruit actors, rented a loft and spent four and five nights a week working on plays.

There were many difficulties. It was necessary for everyone to work during the daytime to earn a living and actors were difficult to keep as they were all eager to appear in a Broadway production rather than struggle with a cooperative group whose goal is not necessarily Broadway. Finally, the middle of winter, a theatre was rented and a person once was in sight. The group worked hard—every night and sometimes all night with limited funds. The show was given in March, reactions were favorable and expenses were met. Encouraged beyond their expectations, they continued by this time there were 11 members.

The next move was to find a theatre for the summer and those who were able would give up their jobs and devote the summer to the group. Six of the 11 have remained and the rest of the entire group of 16 are now members. They will live in the houses near the theatre as is the custom and each week members will take turns with the household chores. There are no stars and no one is excluded from hard work.

Performances will be given each week from Thursday night through Monday. The group will open Thursday, July 6, with "Alice in Wonderland." Friday night will be "Dante's Night." A chicken or a steak will reserve the best seat in the house, a basket of fruit or vegetables a fairly good seat but a can of beans will obtain standing room only.

Special rates for children are being offered for children with a membership of "Alice in Wonderland." Saturday, July 8, Saturday afternoon, July 29, Aug. 12, and Aug. 26, there will be puppet shows given by the Berkeley Marionettes. Two of the Loft Players are employed by this company during the school months at New York. They play to an average of 1,000 children a day. This will be something new for the Woodstock youngsters. These shows have won praise from young and old, and one 10-year-old remarked: "That was the best show I ever saw. I liked it better than 'South Pacific'."

Concerts to Begin On Sunday, July 2

Woodstock, June 21—This year the opening of the Maverick Sunday Concert Series will take place July 2 at 4 p. m. Thirty-five years ago an expectant group of friends and neighbors of Harvey White gathered in his new rustic hall to hear an experiment of Harvey, a concert practically under the open stars, which has proved to be the first of an uninterrupted era of fine chamber music performed by fine musicians. It was then and still is unique in America—an unsponsored group of artists playing together for the love of their art.

equipment, to Mrs. Jesse Stowell for stenciling and menus and to Fred Tripecco for his help and cooperation. A vote of thanks also was given to the following for their contribution towards equipment and assistance: Alice Wardell, Mrs. K. Wanger, Rosalind d'Albis, Alice Henderson, Mr. and Mrs. Richard Crane, Carlos Catalano, Mrs. Joseph Murphy and Mr. Cramer, Maude Shelton, Mrs. William Boyd, Harriet Goddard, Mrs. Elizabeth Clough and Earle Winslow.

Puerifoy Is . . .

discovered in the New York headquarters of America by federal agents. Jaffer pleaded guilty and was fined \$2,500 on a charge of conspiring to obtain illegal possession of the documents. Last June 12 he went before the Senate Judiciary Committee, which is reviewing the American case as part of its general investigation of McCarthy's charges the State Department is harboring Communists and fellow travelers.

After an inspection trip to Europe, Lodge and Green called on the department to fire all aliens employed in embassies, legations and consulates and replace them with Americans. Their report to the Senate last week also recommended that the department buy office quarters abroad instead of leasing the space.

McCarthy's charge against Puerifoy, made in a Connecticut speech last week, dealt with Edward J. Puerifoy, an ex-convict with Jaffer and four others arrested in the American case.

Lodge, a former State Department employee, pleaded no defense and was fined \$500. He was questioned about the case by the Senate committee at closed sessions June 1 and 6.

McCarthy said Puerifoy testified that Puerifoy had promised him two local advice and loyalty clearance for another government job in return for favorable testimony regarding center diplomat John S. Service.

Service was arrested and charged in the American case, but he later was cleared and returned to duty in the State Department. McCarthy has accused Service of pro-Communist activities. Service has denied the charge.

Lodge joined Puerifoy in saying last week that there is no basis for McCarthy's contention about a "payoff" deal.

Jones Dairy Routs Morgans, 15-2 For Fourth Straight Victory

Sal Misasi Wins In Abbreviated Game

It must be painfully evident to the rest of the City Baseball League pack that old age is the only thing that will ever stop the Jones Dairy club.

League champions for so many years that only the oldest native can recall the exact number of times, the Dairymen are back at their old business of grinding out a monotonous string of victories.

Yesterday's 15-2 slaughter of Morgans' Restaurant was halted momentarily by darkness at the end of five innings.

Misasi Wins
While Sal Misasi was checking the Morgans with five hits, three of which came in the first inning to account for a pair of runs, the Dairymen pounded Jerry Bechtold and Henry Levy for nine safeties and received 11 bases on balls.

The playoff inning was the top of the fifth when the Jones counted seven times via five walks, an error and singles by Ferrara and Schatzel. That gave you an idea of the general trend of the contest.

Daisy Schatzel and Ferrara had two hits apiece for the Joneses. Vasey Stoll rapped two singles for the Morgans.

A tight pitching duel is in prospect tonight when Boulevard Gulf sends Bill Tierney against Old Capital's Ernie McCormick.

Baseball Roundup

By JOE REICHLER
(By The Associated Press)

Joe DiMaggio owns 2,000 big league hits today and Stan Musial has 1,500.

Each slugger attained his immediate goal last night but DiMaggio's was by far the more satisfying.

Joe collected two hits, to drive in three runs and lead the New York Yankees to an important 8-2 triumph over the Cleveland Indians. The victory, coupled with Washington's 4-2 victory over Detroit boosted the runnerup Yankees to within one game of the American League leading Tigers.

Stan Raps Homer
Stan slugged one hit—a home run—but it didn't prevent the New York Giants from gaining their first victory of the season over the St. Louis Cardinals, 3-2.

The defeat knocked the Cards out of a first place tie with Brooklyn. The Dodgers thrashed the Cincinnati Reds, 8-2, to take a game lead over the Redbirds.

Boston's Red Sox and Philadelphia's Phillies, third in their respective leagues, gained some ground. The Red Sox triumphed over the Chicago White Sox, 5-3, while the Phils topped the Pittsburgh Pirates, 7-3.

The St. Louis Browns, behind Ned Garver, shut out Lou Brissie and the Philadelphia Athletics, 1-0. The Chicago Cubs won a 10-inning struggle from Boston's Braves, 4-3.

Three in Select Group
DiMaggio now joins 41-year-old Luke Appling of the White Sox and 40-year-old Wally Mues of the Athletics as the only active performers with 2,000 or more hits. Appling, now in his 20th season in the majors, owns 2,733 hits. Mues, in the 16th year, has 2,064 hits. DiMaggio, 35, is in the midst of his 12th active year.

Cobb, one of baseball's immortals, holds the record for base hits with an amazing total of 4,191 in 21 years.

While the Yankees were rapping four Cleveland flingers for 12 hits, Lefty Eldred was limiting his "cousins" to seven. It was the pitcher's eighth triumph of the campaign, his third without a loss to Cleveland.

Little Chico Marrero stopped the Tigers with four hits in registering his second triumph over them. The 5-7 rookie right-hander from Cuba highlighted Washington's winning three-run rally in the seventh against Fred Hutchinson. He singled in Al Evans from second and crossed the plate on Eddie Yost's eighth home run.

Westman Stars
The Giants beat the Cards on Wes Westman's four-bagger in the eighth. Right-hander Sheldon Jones gained credit for ending the Cards' 10-game winning streak over the Giants, six of them this year.

Brooklyn collected only six hits against three Cincinnati hurlers but half of them were home runs. Gil Hodges was the most productive, coming with the bases loaded to highlight a six-run third inning.

Right-hander Ellis Kinder and first baseman Walt Dropo combined their talents to lead the Red Sox to their first triumph in six games. Kinder allowed seven hits for his fourth triumph although he needed help from Mel Parnell in the ninth. Dropo slugged his 15th homer in the fourth with Ted Williams on base.

Boston played under the direction of Coach Earle Combs because Manager Joe McCarthy was down with influenza.

Ray Sievers' single in the first inning scored Dick Kokos from second with the only run of the Browns-Athletics game. A single by Hank Sauer, his fourth hit, scored Bob Rutan in the tenth to give the Cubs a victory over the Braves.

Russ Meyer of the Phils chalked up his first victory of the season after six setbacks. He limited the Pirates to six hits and struck out five.

SPORTS

By CHARLES J. TIANO
Freeman Sports Editor

This is the longest day of the year. And whatever happened to spring?

"Red" McCarthy, the Bristol baseball writer, was on the other end of the phone. "The Colonial League looks better to me today than any time since the season started."

"How come?" we asked in our purest dialect. "Well, for one thing, Waterbury definitely will finish the season and that guy (Brunetti) in Bridgeport says he'll complete the schedule come Hades or high water," said the redhead. "That's good news," we said. "It's about time, and I'm getting tired of rehearsing these scare stories that crop up in Waterbury and Bridgeport."

"That's the way I feel about it," continued the redhead from Bristol. "It'll be a pleasure to write just about baseball from here on out."

Flotsam and Jetsam:
Eddie Rybinaker, the workhorse hurler of the Colonial Merchants, says he was put in a bad light by recent reports that he refused to pitch for the Merchants in their recent joust with Boulevard Gulf. It was announced via the P.A. system that night that Manager Pucker Davis had suspended Rybinaker indefinitely. Word got around that Eddie had refused to work.

"Pitching had nothing to do with the incident," he said yesterday. "It was strictly a disagreement between Manager Davis and me. 'You know I generally assist Pucker in assembling the lineup and on that particular day I could see no rhyme or reason for trying out new players against a team like the Boulevard. That was the whole basis for the argument. . . . nothing else.'"

Of Men and Mice:
Peg Hard, former Woodstock correspondent for the Freeman, is highly enthusiastic about the fourth annual spring show to be staged by the Woodstock Club of the City of Woodstock. It shows up as the finest show in the history of the club. Bud Packer's Emerson Hanover is rated one of the best harness racers at the Saratoga met. . . . Poughkeepsie's "Big Mac," Emil Moscovitz, has compiled an amazing record for the Chiefs with nine victories in ten starts. In 80 innings, Moscovitz has yielded only 65 hits, walked 22 (get that), fanned 71 and pitched ten complete games. Paul Calvert, the Detroit relief specialist, broke Yankee Bob Porterfield's jaw and a few days later became the Reds' Danny Litwhiler in an exhibition game. By this time the boys must be hoping that Calvert switched to fiddlywinks. . . . Roy Sullivan, principal of the Narrowsburg Central School, is the new president of the Section 9 Athletic Council. . . . Newburgh won its first DUSO baseball pennant since 1915 by downing Port Jervis, 5 to 1, in the championship playoff. . . . Johnny Bowman was the winning hurler.

Big Ed Weaver back in town and looking like a million bucks. Big Ed will be a member of the varsity football and basketball squads at the Point next season.

The Brooklyn Dodgers will open a three-day tryout school at Dunn Field, Elmira, on Thursday, June 20, with Mickey McCormick in third. . . . Danny O'Connell, a second baseman with Bloomingdale in the North Atlantic League in 1947, brought a \$50,000 purchase price by the Pittsburgh Pirates two years later. Carlos Bernier revealed that the Puerto Rican Winter League plays 60 games in the regular schedule and 14 in the playoffs. Francisco Sastre had a 2-2 record with Bernier's club and then developed another sore arm.

Harvey Porter, the likable second sacker, is regarded as a television expert by his Colonial teammates.

Nobody was much surprised when Washington won the Marietta Regatta. Observers of the regatta as well as the political scene know that when it comes to ignoring rough water, the boys from Washington are tops.

Strike Record

In the United States, 1946 was a record year for strikes with 1,680 strikes, amounting to 1.43 per cent of all time worked.

Now you know!

The answers to everyday insurance problems.
 By HERMAN J. EATON

QUESTION: We belong in a social group of about twenty couples and each couple takes a turn as hosts for a house party at which the others are guests. Martin, a friend of all of us, always helps with the serving and cleaning up at the house where the party is given. Last week, Martha slipped, going down stairs to the basement utility room and although she wasn't hurt, some of our group thought we should take out some form of insurance covering our liability in such an accident. Is the employer's liability the proper kind?

ANSWER: Employer's liability insurance covers your legal liability in accidents to servants but it would be much simpler for each couple to own Comprehensive Personal Liability coverage. That sort of policy covers your liability for all policies to third parties and gives a lot of additional protection for a very small premium. No family should be without it.

*If you'll address your own insurance questions to this office we'll try to give you the correct answer and there will be NO CHARGE OR OBLIGATION OF ANY KIND.

Local police issued a warning today that persons guilty of vandalism in city parks will be subject to full penalty.

The warning followed reports of damage at Hushonck, Cornell and Fawcett parks. Officer Joseph Fallon notified headquarters at 4:35 a. m. today that someone had put three

boards of the park see-saws in a roadway at Hushonck Park and that a red lantern had been tied to a flagpole. Y and E STYLE-MASTER STEEL DESKS
 The "Y and E" line of Style-Master Steel Desks is a correlated line of three distinct designs. At the top of this line is the Styled Executive, a large (top 66" x 31"), handsomely modern steel desk with Cap with pedestals. It is truly executive in appearance as well as function. Call at our showroom and examine this desk for yourself.
